Joe Politz (POLE-eats)

Hope/expect to learn

Questions about Joe or the class

Even weeks (2, 4, 6, 8, 10)

Mon - Problem Set Due

Thu - Programming Assignment Due

Every week lab!

Exams weeks 3, 6, 9 (45m)

CBTF

Computer-based Testing Facility

Discussions: Go over problem sets

Multiple Tries!

- Assignments: resubmit ~2wk after original deadline to improve score
- Exams: finals week exam makeups (2h)

```

1 #include <stdio.h>
2
3 int main() {
4     char hello[] = "Hello!";
5     char hello2[] = { 72, 101, 108, 108, 111, 33, 0 };
6
7     puts(hello);
8     puts(hello2);
9 }

```

```

$ gcc hello.c -o hello
$ ./hello
Hello!
Hello!

```

Notice / wonder?
